WHAT?

Interesting speakers, research assistance
and camaraderie!!

We have members who are just
beginning their journeys as well as
some who are published genealogists

Membership in JGS – H&A is open to
all regardless of religious affiliation or
level of experience.

WHY BECOME A MEMBER?

We Offer:

- * The ability to network with others
who pursue the same types of research;
- * Meetings throughout the year,
some with guest speakers;
- * Guidance, support and
encouragement as you search for
your ancestors. This includes
promoting awareness of local
resources available to trace Jewish
